

UFO™ Alert

UFO™ ALERT

CORE:

E.T.™ Core – Constructed with built in cavities to emulate the use of a balance hole, mapping out this ball to match your game will help create more overall motion than a traditional asymmetrical ball can offer due to its forward thinking construction.

COVERSTOCK:

eTrax™ Hybrid Coverstock: Comprised of 2 parts pearl and 1 part solid, this formulation of hybrid creates added responsiveness to friction down lane without being too uncontrollable down lane. Thus, making it ideal to control and conquer those conditions where more friction is visible.

Factory Finish: 1500-grit Polished

ENGINEERED FOR:

Medium Oil – Medium/Heavy Oil

Available Weights: 16lbs – 12lbs
