

# ROADS MERGE AHEAD

That's right. We've merged together the T-Road™ Solid (Bowlers Journal "Ball of the Year '07") and the T-Road™ Pearl and created the new **HY-Road™** — the ultimate hybrid. This was accomplished by blending the R2S™ coverstock at 50% Solid and 50% Pearl and then wrapping it around the road-tested Fe<sup>2</sup>™ Technology core.

Buckle up, because this baby is gonna turn the corner hard in the mid-lane and then floor it to the pocket.

**STORM**  
THE BOWLER'S COMPANY™
